The **College of Traditional Chinese Medicine Practitioners and Acupuncturists of British Columbia** is the official professional regulatory authority that regulates the practice of traditional Chinese medicine (TCM) and acupuncture in the province of British Columbia. The College is a self-regulatory body that operates under the auspices of the provincial government and through the Health Professions Act, the Traditional Chinese Medicine Practitioners and Acupuncturists Regulation, and the College Bylaws. The College serves and protects the public interest by regulating and advancing safe, ethical and quality traditional Chinese medicine practice in British Columbia.

Moreover, the College strives to ensure that registrants establish, maintain and continually improve the quality of care they provide to their clients.

As Director of Professional Practice (Registration and Quality Assurance), of the College of Traditional Chinese Medicine Practitioners and Acupuncturists of BC you bring an innate passion for serving and protecting the public interest.

Reporting to the Registrar/CEO, the Director is accountable for the strategic and tactical direction of:

- Improving the practice of Traditional Chinese Medicine
- Ensuring registrants are competent and compliant throughout their career
- The development and implementation of Provincial, National, and International standards of practice
- Compliance with the Health Professions Act

In addition, the Director will

- develop, implement, and maintain registration processes;
- support and work with the registration committee;
- develop, implement, and maintain the QA program;
- support and work with the QA committee;
- research and prepare briefs on policies and procedures;
- prepare budgets; and
- act on behalf of the Registrar/CEO in their absence.

This will be carried out in accordance with the Health Professions Act, the College bylaws and the Board's governance policies and guidelines.

You describe yourself as a thoughtful and intelligent leader, you are collaborative, engage internal and external stakeholders, display excellence in communications, offer exceptional judgement and discretion, support continued education, able to sustain high workloads over a sustained period of time, and offer regulatory body experience.

Preference will be given to those who possess the following:

- Dr. TCM or R. TCM.P in good standing
- Registered health professional
- Administrative Tribunal Experience
- Knowledge of the Health Professions Act
- Knowledge of regulatory assessment or credentialing methodologies
