

TCM Competency Examination in British Columbia

Part III Doctor of TCM

Candidate Handbook

The College of Traditional Chinese Medicine Practitioners and
Acupuncturists of British Columbia (CTCMA)

Version 9
2015

EXAMINATION DATES IN 2015

The time, date and location of written and clinical examinations will be determined after the application deadline. The College will inform candidates of the time/location of their examination through the Candidates' Log-in page on our website.

Additional date(s) may be scheduled for the clinical examination depending on the number of candidates

This handbook includes the policies and procedures for the Doctor of TCM Competency Examination. Although accurate at the time of publication, changes may take place without prior notice. While CTCMA will try to advise candidates of important changes, CTCMA reserves the right to make changes in fees, examinations, policies and procedures at any time without advance notice.

The most recent version of this Handbook, application forms and policies will be found on the CTCMA website (www.ctcma.bc.ca).

1. GENERAL INFORMATION

The Candidate Handbook describes the policies and procedures for the CTCMA Doctor of TCM Competency Examination. The contents are accurate at the time of publication, but subsequent changes may take place without prior notice.

The regulatory body for Doctors of TCM in British Columbia is the College of Traditional Chinese Medicine Practitioners and Acupuncturists of British Columbia (CTCMA). CTCMA will be referred to as “the College” in this handbook. The College is responsible for regulating the practice of Doctors of TCM in accordance with the *Health Professions Act* and the *Traditional Chinese Medicine Practitioners and Acupuncturists Regulations* of British Columbia and The College *Bylaws and Schedules*. The Registrar is the chief executive officer of the College.

Registration as a Doctor of TCM under the *Health Professions Act* assures the public that Doctors of TCM are capable of practising competently and safely, and are accountable for their practice. Practitioners must meet minimum standards of competency in order to be considered eligible to become registered as a Doctor of TCM under the Act. Successful completion of the Full Registration Examination for Doctor of TCM in British Columbia is one of the requirements for registration outlined in the College Bylaws.

The CTCMA Registration Committee determines whether an individual has completed an educational program that qualifies the individual to write an examination. The College ensures that the examination process is done in a manner that is fair and consistent. All correspondence with the College should be addressed to the REGISTRAR.

The Registrar

2. PURPOSE OF THE EXAMINATION

The purpose of the Competency Examination for Doctor of TCM is to determine if a candidate have acquired a minimum entry-level competency for practice as a Dr.TCM. The public is thus protected when receiving treatment from registered professionals. The competency examination(s) must be written by all candidates.

The Examination is designed to assess knowledge, skills and abilities required for practice (Please refer to attached Exam Specifications for details). A passing result on the examination indicates that the candidate has demonstrated the minimal standard of competence. A fail result indicates the candidate has not yet demonstrated the minimal standard of competence.

IMPORTANT NOTICE:

- **Candidates must obtain a passing mark in the written component of the examination BEFORE advancing to the clinical component of the examination.**
- **Starting from 2009, applicants who have completed their training in a program located in another regulated Canadian jurisdiction are required to successfully pass the examination in that jurisdiction before being eligible for CTCMA registration. Such a registrant is not eligible to write the CTCMA examination.**
- **Both written and clinical examination results are valid for 3 years from the date of the examination result notification letter**
- **Applicants for full registration must be authorized under the laws of Canada to work in Canada as per CTCMA Bylaws Section 48. This is not a requirement for examination applications but is mandatory for those who pass the examination and are ready to apply for registration.**
- **As of March 31, 2012, recognition will only be given for completion of programs offered by training institution programs in British Columbia that are accredited by PCTIA. (NEW)**

3. ELIGIBILITY

At the time of application, candidates for Dr.TCM exam must be:

- a current R.TCM.P; or
- a current R.Ac. with valid Herbology competency examination result; or
- a current R.TCM.H with valid Acupuncture competency examination result; or
- a candidate with valid examination results for both Acupuncture and Herbology

In addition, one must meet the minimum educational requirements set out in Schedule E of the CTCMA Bylaws at the time of application.

Qualifications for Writing CTCMA Competency Examinations

Title	Examinations required						Schedule of qualifying education/training hours for these examinations
	Acupuncture		Herbology		Dr.TCM		
	Written	Clinical	Written	Clinical	Written	Clinical	
To become Dr.TCM	√	√	√	√	√	√	3,250 hrs minimum in 5 academic years, including 1,050 hrs of practicum

Minimum required educational hours must be completed prior to submission of application. BC legislation requires each student to be a current student registrant of CTCMA **before** undertaking clinical training in BC. CTCMA **will not** recognize any clinical training undertaken in BC without student registration.

Candidates must be deemed eligible by the Registration Committee to take the Examination. Eligibility for the examination is for the current examination process only. Candidates who withdraw from the current examination process, or do not take the current examination, will **NOT** automatically be eligible to take any subsequent examination. Candidates are required to re-apply for eligibility to take a subsequent examination and applications will be evaluated against the criteria in place at the time of application. That is, the candidate's eligibility to sit for the current examination does not guarantee that he/she will be eligible for subsequent examinations. The eligibility criteria are subject to change.

4. EXAMINATION DATES AND LOCATION

Exam Candidate Log-in will be posted on the CTCMA website (www.ctcma.bc.ca) after **May 12, 2015**. You must log-in to the **Exam Candidate Log-in** page on the CTCMA website (www.ctcma.bc.ca) in order to obtain information on the status of your examination application, examination dates, times, locations, examination results and fee receipt.

To access your account:

- Your username is your registration number in numerical digits and an additional zero (ie. if your registration number is "01234", your username is "012340")
- Your password is your date of birth in MMDDYYYY (ie. if your date of birth is January 15, 1950, then your password will be "01151950").

If you have trouble signing in, please contact the College at info@ctcma.bc.ca or 604-738-7100. After you log-in for the first time, you will be able to change your password. CTCMA will not be able to retrieve changed password for you so please keep this information in a safe place.

The time, date and location at which each candidate takes the written and clinical examinations will be determined after the application deadline. The College will inform candidates of the time/location of their examination(s) through the Candidates' Log-in

page on our website. Depending on the number of candidates, an additional date may be scheduled for the clinical examination.

Requests for a withdrawal must be in writing and received by CTCMA by the withdrawal deadline. If withdrawal requests are NOT received by the deadline, no portion of the application/examination fee will be refunded. **Please note that NO deferral is allowed.**

5. APPLICATION REQUIREMENTS AND DEADLINES

Each candidate must submit an application package to the College (Attention: Registrar). A completed application form, all required fees and documents must be received at the CTCMA office by the application deadline. **Incomplete applications will be rejected automatically.**

Checklists of required application documents:

- Completed and signed application checklist
- Completed and signed application form
- Proof of TCM education as per Schedule E (**if not submitted previously**):
 - a. For TCM education completed within Canada:
 - Official Transcript in an envelope sealed by the training institution (**New Requirements for Transcripts effective July 1, 2010** – available at CTCMA website)
 - b. For TCM education completed outside Canada *No Exceptions*
 - **Basic** Credential Evaluation report issued by ICES with copy of transcript attached – **original and sent directly to CTCMA by ICES (Please arrange to have an official transcript sent directly by the training institute to ICES to complete the request of credential report)**
- All fees including Application Fee, Examination Fee, Translation Fee (if applicable)
- Photocopy of one piece of photo identification (i.e. passport, driver's license)

Credential Evaluation Report (If not submitted previously)

Graduates of TCM/A training programs outside Canada are required to submit a credential evaluation report from the International credential Evaluation Services (ICES). The ICES website address is www.bcit.ca/ices/.

Please see detailed information about credential evaluation report from “Checklist of Required application Documents” of this Handbook or CTCMA website.

There are a limited number of candidates who can be accommodated at each examination. Seating capacity is limited. You are not guaranteed a seat at the examination by 1) submitting the application before the deadline; 2) having access to the

online account. You must check your application status on the Candidate Log-in page.

6. REFUND POLICY

Please note that the application fee is non-refundable.

Withdrawal:

Requests to withdraw from the examination must be made in writing and must be received by the Registrar before the withdrawal deadline to obtain a refund of the examination fee. Verbal withdrawals are not accepted.

Absence from the Examination:

A candidate who is absent from the examination due to unforeseen circumstances (e.g. illness, death in the family) must submit written notification to the Registrar within fourteen (14) days of the examination date to apply for a refund. The CTCMA Registration Committee will determine if a refund of the examination fee should be issued to the candidate.

7. CHOICE OF LANGUAGE

Candidates may choose to take the written examination in English or Chinese and the clinical examination in English or Mandarin. Chinese translation fee will be charged on both written and clinical examinations.

8. RESULTS

Examination results will be posted on the candidates' log-in page on our website and the hard copy will be mailed. Results will **NOT** be given over the telephone or by fax. To be registered as a Doctor of TCM in British Columbia, a candidate must pass both the written and clinical components.

Scoring:

The examination is comprised of a written and a clinical portion. The two parts of the examination are scored separately and a passing score on each part is required. The passing scores are determined by the Examination Committee with the assistance of the College's psychometrician and the Examination Development Team.

Re-Scoring of the Examination:

To have an examination rescored, a candidate must submit a written request to the Registrar within thirty (30) days of the date on the letter of notification. Please note that

you have the responsibility to ensure that CTCMA has your current address. If you will be out of town, make other arrangements to receive your notification letter of results. The 30 day re-scoring period will not be extended. Candidates will be required to pay a \$200 fee per part of examination when requesting a rescore.

Candidates who fail the examination should be aware that their examination answer sheets have been carefully scored according to psychometric best practices. The examination is considered valid and reliable. It should be noted that any additional re-scoring of the answer sheets is unlikely to alter the scoring results.

All results and decisions made by the College on the re-scoring of an examination are **FINAL**.

9. RULES FOR REPEATING EXAMINATIONS

- Examination results are valid for three (3) years/consecutive examinations (whichever is later) from the date of the College notification of results.
- Candidates must pass the written component of the examination before taking the clinical component.
- Candidates must take the clinical component of an examination while the results of the written examination component are still valid (within 3 years/consecutive examinations, whichever is later).
- A candidate who fails an examination may repeat the failed examination once within the next two consecutive sittings of the examination. If the candidate does not do this, a new application is required and will be evaluated according to policies in place at that time.
- Any candidate who fails an examination twice is not eligible to repeat the examination unless the candidate completes a **50-hour upgrading program** preapproved by the College.
- Any candidate who fails an examination three or more times is not be eligible to repeat the examination unless the candidate completes a **50-hour upgrading program** preapproved by the College, and submits a new application to write the examination which will be evaluated according to policies current at that time.
- 50-hour Upgrading Program: if you are required to improve your skills/knowledge before repeating an examination, you must:
 - Submit the completed form, details of your proposed learning activities, with a description of the teacher/mentor, to the College for approval before you start the upgrading program.
 - Upon receiving the College's approval, complete the proposed upgrading program before the exam application deadline.

- Submit a request to the Registration Committee for approval to repeat the examination - accompanied by proof of your completed upgrading program.

10. CONFIDENTIALITY AND SECURITY OF TEST MATERIALS

Security precautions eliminate unfair advantages among the candidates and avoids the high human/financial costs of replacing examination materials. That is why the strictest security measures are taken to protect the content of the examination before, during and after the examination.

All examination materials are protected by copyright. The College takes strict security measures to protect examination materials during all phases of development and administration including: development and review of material; reproduction, transportation and disposal of materials; and administration of material to candidates.

11. RULES OF CONDUCT FOR THE EXAMINATION PERIOD

Candidates are subject to the Rules of Conduct as described below. Candidates who contravene the Rules of Conduct may be denied participation, may have results invalidated and/or may be denied admission to the examination. Each candidate, by the act of participating in a College examination, agrees to the following Rules of Conduct:

1. Candidates acknowledge that the examination and the items therein are the exclusive property of the CTCMA.
2. Candidates acknowledge that they can NOT remove any part of the examination from the test site, nor can they give or receive assistance during the examination.
3. Candidates acknowledge that their behavior before, during and after the examination must be such that it does not disturb other candidates. This includes unnecessary questioning of examination policies and procedures, disruptive comments about the examination, or other behavior that in the opinion of the examination invigilators could cause anxiety for other candidates.
4. Candidates acknowledge that their participation in any act of cheating, as described below, may be sufficient cause for the College to terminate their participation, to invalidate the results of their examination, or to take any other necessary action.
5. Cheating refers to any act or omission by a candidate that could affect the result of that candidate, another candidate, or a potential future candidate. These acts include:
 - (a) non-eligible individuals posing as eligible candidates;
 - (b) bringing study materials to the test area;
 - (c) giving or receiving assistance during the examination;
 - (d) removing or attempting to remove examination material by any means, electronic or otherwise, from the testing site;
 - (e) receiving or giving information about the Part 1 and/or Part 2 **either before**

or after¹ the examination. For example, releasing information about questions such as diagnosis, or tasks and activities involved in the examination. **Note that this includes discussing information with examiners or other candidates after the examination.**

12. PROTOCOL IN THE EVENT OF SUSPECTED CHEATING

1. If the examiners and/or examination invigilators suspect that cheating may have occurred, they may confiscate a candidate's test materials, as well as other documents or objects or materials that could be used for cheating, **and** require the candidate or other person(s) to leave the examination site. The College reserves the right to photograph candidates or groups of candidates for later use as evidence and to use monitoring and surveillance technologies to detect and document cheating.
2. Candidates may be asked to change their seats during the examination if they are suspected of cheating.
3. The examiners and/or the examination invigilators would report any suspected cheating to the Registrar or designate (herein known as the 'Head Invigilator').
4. The Head Invigilator shall conduct appropriate investigations of the alleged cheating and shall make one of the following decisions:
 - Declare that the occurrence of cheating was not established
 - Declare that cheating did occur
5. If the Head Invigilator declares that the occurrence of cheating was not established, the candidate's score shall be released, if possible, or the candidate shall be permitted to sit the next available examination without charge.
6. Cheating may be declared at any time after a candidate has registered and includes the time after the examination as well as after results have been released.
7. If the Head Invigilator declares that cheating did occur, one or more of the following may occur:
 - The candidate will be deemed to have failed the examination.
 - The Head Invigilator shall report findings to the Examination Committee of the College.
 - The candidate may be prosecuted.
 - The College may deny future access to the examination.

13. ACCOMMODATION FOR SPECIAL NEEDS

Reasonable accommodation will be made for a special needs candidate. Alternative accessible arrangements under comparable testing conditions may be available to a candidate with special needs. Documentation (for example, physician's report or letter,

¹ Debriefing increases the understanding of an examination station. Information gained in debriefing can be used by unsuccessful candidates to have an unfair advantage on future examinations. Confidentiality of exam information should be considered in the same way as confidentiality of patient information – the duty to maintain confidentiality is continuous.

educational assessment, accommodation provided by the institute of training) must be received with the application for consideration prior to the examination. Requests for accommodation of special needs will be considered on a case-by-case basis.

14. ADDITIONAL INFORMATION

1) Limitations

The CTCMA **cannot** advise or provide detail on matters under the jurisdiction of other institutions or governments, such as:

- a. provincial regulations, statutes, or policies governing CTCMA Registration;
- b. facilities available for general or specialized experience;
- c. training or employment opportunities;
- d. reciprocity between TCM regulation bodies within or outside Canada;
- e. the conditions imposed by the Government of Canada for immigration;
- f. scholarships or funding

2) Limits of Liability

While the CTCMA takes reasonable steps to ensure the accuracy and completeness of information, resources and reports, the CTCMA is not responsible for damages in the event of errors or omissions. The CTCMA is not responsible for impacts of a personal, professional or financial nature. This includes such impacts as loss of income, loss of salary and/or expenses incurred by an employer, a contractor or a candidate. It is the responsibility of each candidate in registering for the examination to have read and understood the limits of liability. Further it is the candidate's responsibility to advise those interested parties (e.g., employers) about the limits of liability. By participating in the examination, each candidate agrees that he or she shall take no action or other proceeding against the CTCMA or any of its officers, employees or agents for an act done in good faith or for any neglect or default related to the Dr.TCM Competency Examination.

3) Financial Assistance

The CTCMA does not offer financial assistance or information on possible sources of financial assistance. The CTCMA cannot waive or alter examination fees except as noted elsewhere in this handbook.

The CTCMA is a non-profit organization. The funds necessary for the administration of Dr.TCM Competency Examination come from the fees paid for the examination by the candidates who take the examination.

4) Research

The CTCMA conducts research using non-identifying examination data, and may also provide this data to external researchers. By signing the application form, candidates consent to the use of non-identifying data for research purposes.

5) Privacy Policy

The CTCMA is committed to collecting, using and disclosing the personal information of its examination candidates responsibly and only to the extent necessary to provide effective services. The CTCMA is also committed to being transparent about how

personal information of candidates is handled.

15. DESCRIPTION OF THE EXAMINATION

The Competency Examination for Doctor of TCM consists of two parts. Part 1 is a written examination and Part 2 is a clinical examination. Candidates are required to pass the written exam before advancing to take the clinical exam. Upon passing the written exam, the candidate will be automatically scheduled for the next upcoming clinical exam. The written and clinical parts each provide different information about a candidate's knowledge and skills. Part 1, the written portion, consists of multiple-choice items to assess the candidate's knowledge of basic concepts and the application of acquired knowledge to practical situations and problems. Part 2, the clinical examination, consists of two case studies. The clinical examination is designed to simulate and reflect typical patient - Dr.TCM interaction. The candidate will be required to interview two standardized patients (one female and one male). For each standardized patient, the candidate needs to make a diagnosis and to develop a treatment plan (including an herbal formulation and other modalities of TCM treatment such as acupuncture).

Part 1 Written Examination (Multiple-Choice):

The Part 1 Written Examination consists of 200 multiple-choice items. All 200 items are of equal value. Candidates should, therefore, attempt to answer every item.

The time allotted for the written examination is 4 hours.

All multiple choice items are comprised of a question or incomplete statement followed by four (4) alternative options. Candidates must indicate the best option for an item to receive a mark for that item. The questions may be based on concepts, theories, clinical situations or diagrams. Examples of the different types of items and instructions for answering the items are provided in Appendix A.

The scope of the written examination corresponds with the Core Competencies of Doctor of TCM in British Columbia (available from the College for \$20 a copy, or from the College's website at no charge at <http://www.ctcma.bc.ca/index.php?id=67>).

Acupuncture points selected for examination will be referred to by the Pinyin names and WHO standard nomenclature. For extra points, Reference Code will also be used wherever possible.

WRITTEN EXAMINATION SPECIFICATIONS

The following table outlines the subject areas that will be examined in the Dr.TCM written examination. The percentages listed on the right indicate the weight of each subject area in the written examination.

Major Area 主要類別	Content Subheadings 包含科目	Percent Weight 百分比
General TCM Theories 中醫理論	TCM Foundation Theories, TCM Diagnostics 中醫基礎理論，中醫診斷學	<u>20 ± 3%</u>
Major TCM Classics 中醫經典著作	Huang Di Nei Jing, Shang Han Lun, Jin Gui Yao Lue, Wen Bing Xue 黃帝內經、傷寒論、金匱要略、溫病學	<u>9 ± 2%</u>
Western Medical Science 現代醫學基礎	Gross Anatomy, Physiology & Pathology, Basic Western Diagnostics, Microbiology, Pharmacology, Biochemistry, Immunology, Lab Tests & Image Diagnostics, Internal Medicine 解剖學、生理學與病理學、現代診斷學基礎、微生物學、藥理學、生物 化學、免疫學、實驗室診斷及影像基礎、西醫內科學	<u>8 ± 2%</u>
TCM Herbology and Formulae 中藥與方劑	TCM Materia Medica, TCM Formulae, TCM Pharmacology & Toxicology 中藥學、方劑學、中藥藥理學與毒理學	<u>9 ± 2%</u>
TCM Clinical Therapeutics 中醫臨床治療 (containing equal weights of acupuncture and herbology)	TCM Internal Medicine, TCM Gynecology, TCM Pediatrics, TCM Orthopedics, TCM External Medicine, TCM EENT (Five Sense Organs), TCM Preventative Medicine, TCM Emergency Management 中醫內科學、中醫婦科學、中醫兒科學、中醫骨傷科學、中醫外科學、 中醫眼耳鼻喉科學、中醫預防醫學、中醫急症處理	<u>40 ± 3%</u>
Tui-Na (TCM Bodywork) 中醫推拿學	TCM Tui-Na (TCM Bodywork) 中醫推拿學	<u>1 ± 1%</u>
<u>Interpersonal Communication Skills</u> 醫患溝通技巧	Interpersonal Communication Skills 醫患溝通技巧	<u>2 ± 1%</u>
Legal 法律	Legal, and Ethical Aspects 法律和專業操守	<u>2 ± 1%</u>
Acupuncture 針灸	Acupuncture 針灸	<u>9 ± 2%</u>
	TOTAL	100 %

Part 2: The Clinical Examination: Interview, Diagnosis and Treatment Plan

The Part 2 clinical examination consists of two case studies designed to assess the candidate's clinical skills in areas including: performing the four examinations; collecting information; problem solving; interpreting data; treatment planning; selecting herbal formulas and doing modifications; selecting acupuncture points; selecting other TCM treatment modalities such as moxibustion, tui na and cupping; and demonstrating professional behavior and communication skills. This type of examination is designed to assess the candidate's skills in situations simulated to reflect actual clinical practice.

Two Case Studies

In each case study, the candidate will have 30 minutes to interview a standardized patient. After this time period is up the candidate will have 40 minutes to fill out a written test sheet.

Handwriting must be clear and legible. Illegible writing will be disregarded.

A standardized patient is a person who has been trained to realistically reproduce the history and the physical and emotional state of an actual patient. Standardized patients are trained to act in the same way with all the candidates.

The candidate will be given general information about the patient including the chief complaint. During the interview the candidate will collect information from the standardized patient as they would in a normal clinical setting while being observed by two examiners. In order to maintain consistency the standardized patient will have cards containing a variety of information about their condition which will be read to the candidate when necessary, i.e. the appearance of the tongue, or the results of a CBC lab test (complete blood count).

In each case study, the candidate will be required to give a TCM diagnosis as well as a western medical "impression" (what you think the Western Medical diagnosis would be, i.e. diabetes type II). The candidate will be tested on the etiology and pathology of the case. Candidates should be prepared to give suggestions for dietary changes, lifestyle changes, exercise, and possible precautions in treating the patient.

Scoring of the Clinical Examination

The candidate will be scored by their written responses and by score sheets completed by the examiners and by the standardized patient. There will be two examiners observing the interview phase of the case. The candidate will be evaluated on their interview skills including interaction with the patient (i.e. in a professional manner) and their technical skills (i.e. did they proceed in a logical manner). The standardized

patient will complete a score sheet on the behavior and communication skills of the candidate.

It is anticipated that the clinical examination will take *approximately* 2 hours and 20 minutes to complete. The interview portion with the standardized patient may be videotaped.

16. EXAMINATION PROCEDURES

In order to ensure that the examinations are administered in a standardized manner, candidates are required to adhere to the following procedures:

1. Prior to beginning any part of the examination, a candidate must register for the examination by presenting at least one piece of identification bearing the candidate's name, photograph and signature (e.g., passport, driver's license, etc.). **Arrive early at the exam site to allow time for this registration process.**
2. Only the candidates, examiners, and examination invigilators will be allowed into the examination rooms. Candidates must not leave an examination room during the course of the examination without an examiner's permission.
3. Candidates requesting a washroom break during the examination will be escorted. Extra time to complete the examination will not be afforded to these candidates.
4. **Candidates must not convey information in any manner whatsoever to other candidates during and/or after the examination.** Any questions or comments candidates may raise during the examinations must be directed to an examiner or examination invigilator
5. Upon completing the written and clinical examinations, candidates must hand in their examination booklets, answer sheets, and **all notes they made during the examination** to an examiner or examination invigilator.
6. Arriving for Examination: ① Candidates who arrive after the commencement of the examination may not be permitted to write the exam. ②Candidates must arrive at designated time as stated on the website.
7. Candidates are not allowed to bring any notes, books or other reference materials into the examination rooms. No electronic devices of any kind are permitted. No electronic or paper medical or technical dictionaries are permitted. Dictionaries (in printed form) for general language translation must be approved by the examiner prior to the beginning of the examination.
8. No food or drinks (except bottled water) are allowed in the examination room,

unless a medical report is submitted at time of application.

Appendix A --- Sample Questions for the Written Exam

1. Which one of the following symptoms is the most useful for diagnosing left heart insufficiency? 下列哪项症状对诊断左心功能不全最有帮助?
- A. progressive shortness of breath 进行性气短
 - B. exertional dyspnea 劳力性呼吸困难
 - C. paroxysmal night dyspnea 阵发性夜间呼吸困难
 - D. orthopnea 端坐呼吸

(Answer: C)

2. A 35-year-old female has had a sore throat for 5 days which is getting progressively worse. She has difficulty swallowing and a high fever. She is thirsty, constipated and her urine is yellow. Her tongue is red with a yellow coating. Her pulse is rapid and forceful. Which of the following herbal combination would be the best choice to treat this patient?
一位 35 岁的女性患咽喉疼痛 5 天，进行性加重，吞咽困难，伴高热，口渴，便秘，尿黄，舌红苔黄，脉红数。下列哪一组中药是治疗这个病人的最佳选择?
- A. Sheng Di Huang, Xuan Shen, Mai Men Dong, Chuan Bei Mu, Zhi Mu, Bai Shao Yao 生地黄、玄参、麦冬、川贝母、知母、白芍药
 - B. Huang Qin, Lian Qiao, Zhi Zi, Niu Bang Zi, Da Huang, Gan Cao 黄芩、连翘、栀子、牛蒡子、大黄、甘草
 - C. Ban Xia, Hou Po, Fu Ling, Zi Su Ye, Sheng Jiang 半夏、厚朴、茯苓、紫苏叶、生姜
 - D. Shi Gao, Zhi Mu, Gan Cao, Geng Mi 石膏、知母、甘草、梗米

(Answer: B)

3. Which one of the following meridians does **NOT** travel through the throat?
下列那个经脉不直接循入咽喉?
- A. Foot Taiyin Spleen meridian 足太阴脾经
 - B. Foot Shaoyang Gall Bladder meridian 足少阳胆经
 - C. Foot Taiyang Bladder meridian 足太阳膀胱经
 - D. Foot Yangming Stomach meridian 足阳明胃经

(Answer: C)

Appendix B --- Sample Case for the Clinical Examination

Please note that the format of the examination questions will have some variance.

At this station you will be provided with initial information about the patient. You will then be required to investigate and assess the patient as well as make your diagnosis and treatment plan and any recommendations to the patient.

Instructions to Candidate

At this station, you will assess a patient whom you are meeting for the first time. This station is composed of Section A and Section B.

Section A: (You have 30 minutes to complete this section)

1. You will be provided with the general information and the chief complaints of the standard patient.
2. You will then be required to collect information using “Four Inspections”
3. Keep all your relevant notes needed to complete Section B of this case.

Section B: (You have 40 minutes to complete this section)

Use your notes from Section A in order to complete Section B. Section B requires a written response under each heading. Your writing must be legible; illegible writing will be disregarded.

1. A sample of a completed patient profile can be found on the following pages. In this section, you are required to record the information on the examination sheet including: the patient’s chief complaints, present illness, past medical history, family history, demographic and occupational history, sexual history, observation, auscultation and olfaction, palpation, and other physical examinations obtained during Section A.
2. Under the “Diagnosis”, you need to clearly identify:
 - I. The primary TCM disease diagnosis and the pattern diagnosis
 - II. The secondary TCM Disease diagnosis and the pattern diagnosis
 - III. The impressions of Western Medical Condition(s)
3. Choose the appropriate treatment principles according to your primary and secondary TCM pattern diagnoses.
4. Write a Chinese herbal prescription (the dosage of each individual herb included) and acupuncture prescription.

5. Provide the patient with a written suggestion/instruction to assist in his/her treatment, recovery or prevention of the illness.

Marital Status: Divorced

Occupation: Teacher

Date of 1st visit: April 04/05

Emergency Contact Name and Phone Number: David Ellinger (604)-945-4994

Chief Complaints 主诉:

~Pain in the stomach for more than 10 years

~Pain has become worse in the last 2 weeks

Section Score: Max: 5 % Candidate Score: _____

Present Illness 现病史:

This patient presented at the clinic complaining of distention of the upper abdominal and chest, and intermittent epigastric pain accompanied with belching for a period of 10 years. Two weeks ago she had an argument with her co-workers for no significant reason, and her symptoms have been worsened since. The pain is worse after eating and usually lasts about a half an hour after meals. The pain is dull, and moves and can be alleviated by heat and external pressure. She also complains of anxiety, tiredness, insomnia (has trouble getting to sleep and has dream disturbed sleep), loose stools and a poor appetite. She is thirsty but dislikes drinking cold fluids and has a bitter taste in her mouth. She is experiencing headaches and vomits immediately after eating. She also complains of being irritable, and easily angered.

Section Score: Max: 20 % Candidate Score: _____

Past Medical History 过去病史:

- ~Menstrual cycle: 28/4, regular
- ~Onset of menarche at age 14
- ~Prior to menstruation, she feels anxious and experiences lower abdominal cramping
- ~Period is fresh and red in color, with some blood clots
- ~Has had high blood pressure for the last 5 years
- ~Blood pressure controlled by anti-hypertension medication
- ~Drinking coffee and/or milk, and eating potatoes often triggers migraine headaches
- ~Suffers from depression since divorce 8 years ago and has been taking anti-depressants for the past 7 years
- ~Drugs taken: Benzthiazide, and ACE inhibitors (anti-hypertension drug) for the last 5 years
- ~ Phenelaine (anti-depressant, Nardi) for the last 7 years

Section Score: Max: 10 % (For Female Patient 6%)
Candidate Score: _____

Family History 家族史:

Father: Primary hypertension, Coronary Heart Disease.
Died as a result of a stroke.

Mother: Chronic Colitis.
Died as a result of a heart attack

- Has no siblings
- No family history of diabetes, cancer, and/or neurological diseases

Section Score: Max: 2% Candidate Score: _____

General Health Information 健康状况:

Social Status: Single mother

Diet Habits: - Alcohol Consumption (beer, wine and/or hard-liquor): One glass/day
-Craves sweets
- eats fast food

Life-style: -smokes cigarettes, one pack/day
-little exercise

Section Score: Max: 2 % Candidate Score: _____

Demographic and Occupational History 个人状况:

Age: 47

Education: University degree

Occupation: High School Teacher for the past 20 years, and she finds it very stressful

-Husband left her 8 years ago for his secretary. She lives with 3 teenage daughters, and is struggling financially. She hasn't re-married and is having difficulty letting go of the past.

Section Score: Max: 2% Candidate Score: _____

Sexual History 性生活史:

Menstruation History 月经史:

Pregnancy and Delivery History 婚育史:

~To her knowledge, has not had any STD's (Sexually Transmitted Diseases)

~Used oral contraceptives many years ago, for approximately 4 years

Section Score: Max: 1% (For Female Patient 5%)

Candidate Score: _____

Observations 望诊:

~red eyes

~a lack of vitality

~face is reddish

~tongue is red with teeth marks and a thin yellow coating

~painful face expression

Section Score: Max: 5 % Candidate Score: _____

Auscultation and Olfaction 闻诊和听诊:

~strong body odour

~A foul odour combined with cigarette smell was noted as coming from patient's mouth

~Hiccups

Section Score: Max: 3 % Candidate Score: _____

Palpation 切:

1. Pulse: wiry, thready and rapid
2. Body: Murphy's sign negative, abdominal wall appears soft, with no tenderness or rebounding pain

Section Score: Max: 3% Candidate Score: _____

Other Examinations 其它检查:

~B/P: 150/90 mmHg

Section Score: Max: 2% Candidate Score: _____

Diagnosis 诊断:

1. Primary TCM disease diagnosis: Stomach pain
2. Secondary TCM disease diagnosis: Headache
3. Primary pattern diagnosis: Liver Qi Stagnation and Liver fire flaming up
4. Secondary pattern diagnosis: Qi and Yang Deficiency of Spleen and Stomach
5. Western Medicine Impression:
 - a) Chronic Gastritis
 - b) Primary Hypertension
 - c) Migraine Headaches
 - d) Depression
 - e) PMS

Section Score: Max: 20 % Candidate Score: _____

Treatment Principle 治疗原则:

1. Primary treatment principle: Soothing liver qi and removing liver fire
2. Secondary treatment principle: Tonifying and reinforcing spleen qi and yang

Section Score: Max: 8 % Candidate Score: _____

Prescription 处方（中药处方、针灸处方）:

Option 1:

Herb Prescription: Dan Zhi Xiao, Yao San, and Si Jun Zi Tang plus:

Gan Cao 4.5g, Dang Gui 10g, Fu Ling 10g, Bai Shao 10g, Chai Hu 10g, Mu Dan Pi 10g, Zhi Zi 10g, Ren Shen 10g, Bai Zhu 2g, Mu Xiang 2g, Sha Ren 2g, Bo He 2g (separately packaged). Dosages for 3 days.

Option 2:

Herb Prescription: First: Dan Zi Xiao Yao San (detailed prescription required) plus
Second: Huang Qi Jiang Zhong or Shen Ling Bai Zhu San (detailed prescription required)

Option 3:

Herb Prescription: Dan Zi Xiao San (detailed prescription required) and:

Acupuncture or Tui Na Prescription: Zu San Li (S 36), Nei Guan (P 6), Gongsun (Sp 4), Xinjian (Liv 1), Zhongwan (CV 12)

Section Score: Max: 12 % Candidate Score: _____

Suggestions on diet and life style modification 医嘱:

1. INSTRUCTIONS FOR COOKING HERBS: Put two pieces of ginger into a pot with the other herbs before cooking. Add water in order to cover the surface of the herbs (approximately 3.5 cups of water). Soak herbs and ginger for 30 minutes before cooking. Cook for approximately 30 minutes, at maximum heat until it comes to a boil; once it is boiling, lower heat to medium. Add the small package of herbs and let stand 3 minutes before finish cooking. Strain one cup of liquid from the herbs to drink. Dosage: one cup per day.
2. DIET SUGGESTIONS:
 - a) stop drinking alcohol
 - b) avoid spicy and acidic foods
3. BEHAVIOR SUGGESTIONS:
 - a) quit smoking
 - b) exercise regularly
 - c) listen to relaxing music
4. OTHER SUGGESTION(S):
 - a) Consult a psychologist

Section Score: Max: 5 % Candidate Score: _____

Appendix C --- List of Suggested Reference Books for Dr.TCM Competency Examination

The College suggest that the following references may be helpful to candidates in preparation for the examination. This list is NOT exhaustive and Candidates are also encouraged to consult comparable references.
