The regulatory body for Traditional Chinese Medicine (TCM) Practitioners, Acupuncturists and TCM Herbalists in British Columbia is the College of Traditional Chinese Medicine Practitioners and Acupuncturists of British Columbia (CTCMA). CTCMA will be referred to as ‘the College’ in this guide. The College is responsible for governing TCM Practitioners, Acupuncturists and TCM Herbalists in accordance with the *Health Professions Act*, the Traditional Chinese Medicine Practitioners and Acupuncturists Regulation of British Columbia and the College Bylaws.

Registration as a TCM Practitioner, Acupuncturist and TCM Herbalist under the *Health Professions Act* assures the public that TCM Practitioners, Acupuncturists and TCM Herbalists are capable of practicing competently and safely and are accountable to the public for their practice. Practitioners must meet minimum standards of competency in order to be considered eligible to become registered as a TCM Practitioner, Acupuncturist or TCM Herbalist under the *Health Professions Act*. Successful completion of the Pan-Canadian Entry-Level Examinations in Traditional Chinese Medicine and Acupuncture is one of the requirements for registration outlined in the College Bylaws.

Founded in 2012, the Canadian Alliance of Regulatory Bodies of Traditional Chinese Medicine Practitioners and Acupuncturists (CARB-TCMPA) is a group of five provincial regulatory bodies that govern and monitor professionals practising Traditional Chinese Medicine (TCM) and Acupuncture in Canada to ensure that they provide safe, quality, and ethical health care services. The founding members comprise the regulatory bodies of TCM and/or Acupuncture of Alberta, British Columbia, Newfoundland and Labrador, Ontario, and Quebec.

The CARB-TCMPA administers the *Pan-Canadian Entry-level Examinations in TCM and Acupuncture (the “Pan-Canadian Examinations”)*. The *Pan-Canadian Examinations* assess occupational competencies of entry-level TCM and acupuncture professionals that are required for safe, competent, and ethical practice. Successful

completion of the *Pan-Canadian Examinations* is required for registration as a TCM Practitioner, Acupuncturist or TCM Herbalist

The Education and Examination Committee of the College determines whether an individual has completed an educational program that qualifies the individual to write an examination. The Registration Committee of the College sets registration requirements and grants registration to those who are qualified to practise safely, effectively, and ethically.

All correspondence with the College should be addressed to the Registration Department.

## Examination Eligibility 考試資格

Candidates must be deemed eligible by the Education and Examination Committee to take the Pan-Canadian Examinations in BC. The Committee will consider if you, at the time of application, have satisfied the education requirements set out in section 48(1)(a) and 48(1)(a.1) and 48(4) of the College Bylaws and possesses the required competencies established in the Pan-Canadian Standard for Traditional Chinese medicine Practitioners and Acupuncturists: Entry-Level Occupational Competencies Profile.

The eligibility criteria are subject to change. The candidate's eligibility to sit for the current examination administration does not guarantee that he/she will be eligible for subsequent examinations. That is, candidates who withdraw from an examination administration, or do not take the examination administration that they are approved will not automatically be eligible to take any subsequent examination. Candidates are required to re-apply as a new applicant for future examinations and applications will be evaluated against the criteria in place at the time of application.

BC legislation requires each student to be a current student registrant of the College before undertaking clinical training in BC. Any clinical training hours undertaken in BC without appropriate student registration with the College will be reported to the Inquiry Committee.
